DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-10, drawn to a dye-sensitized photoelectric conversion apparatus.

Group II, claim(s) 11-23, drawn to a method for producing a dye-sensitized photoelectric conversion apparatus.

Group III, claim 24, drawn to a dye-sensitized photoelectric conversion method.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the limitations common to the groups of claims are known in the prior art, as evidenced by Yamanaka et al. (US 2001/0004901), paragraph 0059, Example 1. Therefore, these cannot constitute shared special technical features: the semiconductor layer is formed by a plurality of regions, having different energy levels from one another, of a passage through which the charge carrier is transferred.

A telephone call was made to Applicant's representative, Randy J. Pritzker, on 9/7/2009 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is reminded that upon cancellation of claims to a non-elected invention, the inventors must be amended in compliance with 37 C.F.R. 1.48(b) if one of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 C.F.R. 1.48(b) and by the fee required under 37 C.F.R. 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to THANH-TRUC TRINH whose telephone number is (571)272-6594. The examiner can normally be reached on 8:30 am - 5:00 pm.
